Esku handia – Basque language

Esku handiak harrapatuta
beldur bortitz batek eraso
gauez esnatuta
beldurrez egunean zehar.

Egunen batean agertuko da
esku barruan argi-izpi bat
ta enbata hau emango dugu bukatutzat,
beste irtenbiderik bada?
eutsi, ez etsi eta jarraitu.

Denborarekin, esku barruan
ahuldu ez
Irtenbidea ez dago sufrimenduan,
Baizik eta esperantzan.

Jakin dezatela
Biktimak eta beldurtutakoak,
beti bukatuko baitira izaten
esku handiak askatutakoak

English – The Big Hand

Locked away in the big hand
a strong fears's bothering me
awake in the night
frightened during the day.

One of these a sunray will appear inside the big hand
and this storm will be calm again
Is there any way to scape?
never give up, keep going.

By the time we won't get weaker in the big hand,
we won't find scape in suffering
but in hope.

Let's let victims and frightened ones know
they'll end up being
the ones the big hand won't grab anymore.

Otro día más
llorando a solas,
algún día quizás
de este infierno las llamas
se extinguirán.

Necesito huir
al instituto no quiero ir,
necesito parar de sufrir,
quiero mi felicidad revivir
y como un fénix resurgir
entre las llamas de este infierno.

Another day
Crying alone
Maybe one day
The flames of this hell
Will disappear

I need to escape
I don't wanna go to high
school
I need to stop suffering
I want my happiness to rise
And rise like a phoenix
Through this hell's flames

She
She feels
Alone and she
Never talks to anyone
Cries

Appears
She appears
Sees her crying
And she feels sadness
Empathy

Sunshine
Like a
Ray of Sun
Appears to help her
Goodness

Now
Happy, different
Thanks to her
She goes ahead and
complete

Ella
Se siente
Sola y no
Habla nunca con nadie
Llora

Aparece
Ella aparece
La ve llorando
Y el siente tristeza
Empatía

Sol
Como un
Rayo de sol
Aparece para poder ayudarla
Bondad

Ahora
Feliz, diferente
Gracias a ella
Ella sale a delante
Completa

POEM

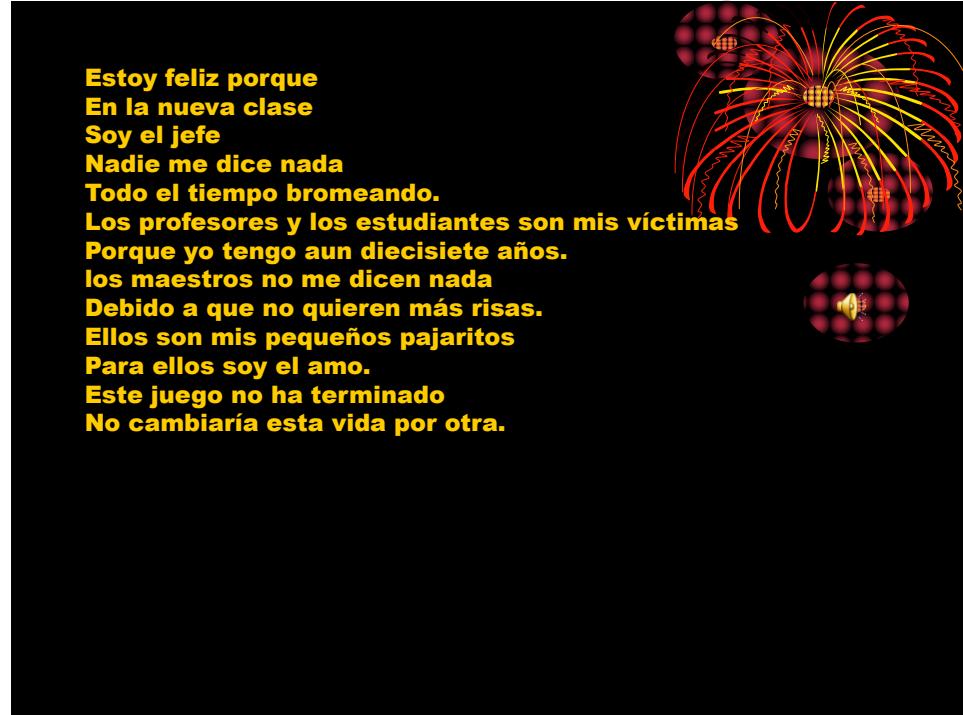

Tolerantzia denok gauden
Haizean
Egon behar da.
Razionalak bagara
Ez gugu egingo.

Alienak edo
Robotak
Ez gara eta
Naturaz sentimenduak ditugu
Tristura eta bakardadea adibidez.

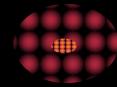

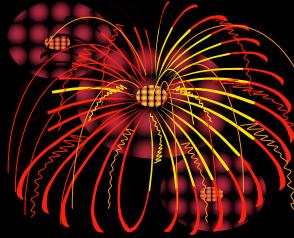

Jokinek ez zuen
Ondo egin dena
Konpondu ahal zelako.
Eskolara ez zuen joan nahi
Sufritzen zuelako.

Tolerance must be in the air
where we all are
If we are rational we won't do it,
We are not aliens or robots as
we have feelings from nature.
Sadness and loneliness for
example.
Jokin didn't do it well, he could
have fixed all his problems.
He didn't want to go to school
because he suffered.

I'm happy 'cos
In the new class
I'm the boss
Nobody says to me anything
All the time joking.
Teachers and students are my victims
Because I am already seventeen.
Teacher don't say to me nothing
Because they don't want more laughing.
They're my little birds
For them i'm sir.
This game is not over
I'm not changing this life for other.

ENGLISH AND SPANISH

Spanish

Soy el amo cada dia en el colegio
Nada tiene que decirme ni el profesor Aurelio
Quito la merienda a todos los pequeños
Porque yo soy de todos el dueño

I am the master every day at school
It has nothing to say or Professor Aurelio
I steal small guy's snacks
Because I'm all's boss

Zergatik ez daukat horrelakorik?

Zergatik?

Begietatik maskoak erori

Zergatik?

Irribarrea berreskuratu nahi

Zergatik?

Alaitasunaren mundura itzuli

Zergatik?

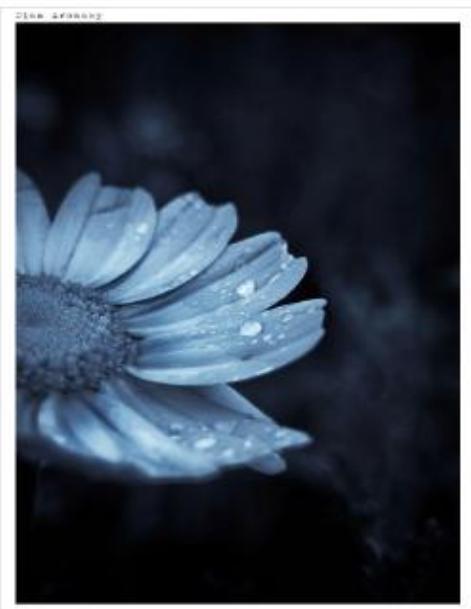

Adiskidetasun l oreak hazi

Zergatik ez daukat horrelakorik?

Zergatik?

Why can't I have any of this?

Why?

The tears are falling down my eyes

Why?

I want to recapture my smile

Why?

Return to my world made of bliss

Why?

So friendship flowers may flourish

Why can't I have any of this?

Why?
