

LET US INTRODUCE OURSELVES

A1 Class

2015-2016

Teacher: Katseni Maria

School: Highschool of Trakomakedones

My name is Maria.

I am 37 years old and I
teach Computer Science in
the Highschool of
Thrakomakedones.

I have two beautiful kids.

I like dancing, watching movies, travelling and playing tennis.

I'm afraid of snakes and scorpions.

I am trying to be a positive person and a good friend for everyone who needs me!!

I made my class “EMB” this year because I see that my students care for this and it’s a way to teach them values of life.

My EMB motto

STOP violence,

WORK ON friendship
